

Contents

Preface

PART I OVERVIEW: NAMES AND CHARACTERISTICS OF PESTICIDES 1

- Chapter 1 Pesticides: Chemical and Biological Tools 3
- Chapter 2 Chemistry and Vocabulary of Pesticides 23
- Chapter 3 Formulations 29

PART II CHEMICALS USED TO CONTROL INVERTEBRATES—ANIMALS WITHOUT BACKBONES 45

- Chapter 4 Insecticides 47
- Chapter 5 Molluscicides 85
- Chapter 6 Nematicides 89

PART III CHEMICALS USED TO CONTROL VERTEBRATES—ANIMALS WITH BACKBONES 93

- Chapter 7 Rodenticides 95
- Chapter 8 Avicides 101
- Chapter 9 Piscicides 105
- Chapter 10 Repellents 109

PART IV CHEMICALS USED TO CONTROL PLANTS 113

- Chapter 11 Herbicides 115
- Chapter 12 Plant Growth Regulators 141
- Chapter 13 Defoliants and Desiccants 149

PART V CHEMICALS USED TO CONTROL MICROORGANISMS 153

- Chapter 14 Fungicides and Bactericides 155
- Chapter 15 Algicides 173
- Chapter 16 Biocides — Disinfectants, Antimicrobials and Wood Preservatives 177

PART VI BIOLOGICAL INTERACTIONS WITH PESTICIDES 185

- Chapter 17 Modes of Action for Insecticides 187
- Chapter 18 Modes of Action for Herbicides 203
- Chapter 19 Modes of Action for Fungicides 211
- Chapter 20 Resistance to Pesticides 219

PART VII LEGALITY AND HAZARDS OF PESTICIDE USE 231

- Chapter 21 Toxicity and Hazards of Pesticides 233
- Chapter 22 Safe Handling and Storage of Pesticides 257
- Chapter 23 The Law and Pesticides 267

PART VIII THE FUTURE 291

- Chapter 24 Biorationals — 21st Century Pesticides 293
- Chapter 25 Transgenic Pesticides — A Case of
Altered Heredity 317

Appendixes 332

- A History of Pesticides 335
- B Sources of Web-based Information for Pesticides 343
- C Insecticides, Insect Growth Regulators,
Acaricides and Nematicides 347
- D Herbicides, Herbicide Safeners and Plant Growth
Regulators 387
- E Fungicides and Bactericides 419
- F Rodenticides 443

Glossary 447

Bibliography 461
